Dear Ulla Rapp,

Thank you for your Fax. My wife and I look forward to attending you Film Festival in Munich. We have never been to Germany and are anxious to see and learn of the culture. I am told by my friend Billy Wilder that Munich is a beautiful city.

Regarding the choice of films, rather than IT'S ALWAYS FAIR WEATHER/THE PAJAMA GAME/DAMN YANKEES/and GIVE A GIRL A BREAK I would prefer CHARADE/TWO FOR THE ROAD/BEDAZZLED/and MOVIE MOVIE. First of all I think the audience will find them much more enjoyable and second it gives an idea of the variety of the films I have made.

I suggest you consider inviting Audrey Hepburn rather than Cyd Charisse if you agree to run the above films. She is the star of three of them, lives near Munich and she and I have a long and close friendship. I don't mean to suggest that I am not friends with Cyd but I have attended three or four festivals with her and we have only done one movie together in which she played a large part plus two musical numbers. Of course I'm not certain that Audrey will be able to attend, I have not mentioned it to her.

Please telephone me when you are in Sundance.

Warmest regards,
